History of South Okanagan Minor Hockey

SOMHA MISSION STATEMENT

The mission of South Okanagan Minor Hockey Association is to secure and maintain a positive role for minor hockey in the community.

History

The South Okanagan Minor Hockey Association is the result of the amalgamation of the Oliver Minor Hockey Association and the Osoyoos Minor Hockey Association that took place in 1983. Both Associations were originally single "A" Associations and the current status is that of an "AA" Association.

The status of an Association is determined by the number of its registered Peewee, Bantam and Midget aged players.

Since 1984 the SOMHA (South Okanagan Minor Hockey Association) has been governed by the amended

Constitution and By-laws of the Osoyoos Minor Hockey Association. At the April 1995 Annual General Meeting of the SOMHA, it was unanimously approved by the members present to accept a new Constitution and By-Laws. The Constitution and By-Laws were approved by the Registrar of Companies under the Society Act and SOMHA is a duly incorporated society. The Constitution outlines the purpose of the Association and the By-Laws explain the rules under which SOMHA is governed.

The Association is a member of the Okanagan Mainline Amateur Hockey Association, OMAHA, as well as the BC

Hockey Association. BC Hockey is a member of Hockey Canada. As a member in good standing with these affiliated bodies SOMHA is governed by their rules in addition to SOMHA's By-laws.

The history of the Association includes growing pains as well as many successes and highlights. The Association would not exist without the keen desire of the children of the South Okanagan to play hockey, as well as the commitment and hard work of the many parents and volunteers. This process must continue so that all involved continue to enjoy a positive and rewarding hockey experience.
