## **2026-27 BCEHL Programming on Vancouver Island**

### **Vancouver Island Seals** **Female U18 AAA**

In 2025-26 the Vancouver Island Seals shifted their program to be based out of Port Alberni and were welcomed by the local community with open arms. We are excited about the foundation that has been set and look forward to continuing building the Vancouver Island Seals program in the 2026-27 and future seasons.

If you have any questions regarding the Vancouver Island Seals, please reach out to the General Manager, Danielle Sutherland ([visealsgmop@gmail.com](mailto:visealsgmop@gmail.com)) to discuss further.

### **Vancouver Island Royals** **U17 / U18 AAA**

Greater Victoria will continue to host a Vancouver Island Royals program for the 2026-27 season.

After careful consideration the Vancouver Island Royals have opted to host a U17 AAA team in the 2026-27 season. We will reevaluate if a U18 AAA team is feasible in the future.

For additional information about this programming, please contact the Royals' General Manager, John Delli-Carri ([royalsgm@bcehl.net](mailto:royalsgm@bcehl.net))

### **U15 AAA**

During the 2025-26 season we have been having productive conversations with BC Hockey members in the Greater Victoria area to discuss the potential of operating a U15 AAA Vancouver Island Royals team in the 2026-27 season.

It is at the early stages, but we are interested in gaining a strong understanding of potential interest in the program. If you have an athlete who would be interested in participating, we would encourage you to complete registration [HERE](#).

If the U15 AAA program ends up not operating, all participants who completed registration for the U15 AAA Vancouver Island Royals ID Camp will receive a full refund.
