1.0 GOVERNANCE POLICIES

1.01 ORGANIZATIONAL CHART

The following organizational chart outlines the governance structure of BC Hockey:

BC Hockey Governance Chart

1.02**TERMS OF REFERENCE**

The mandate, key duties and other pertinent details with respect to the Governance Committee are set out in the **Terms of Reference** for the Governance Committee. Additional information with respect to the functions of the Governance Committee as a Standing Committee may be found in the general Terms of Reference for Standing Committees.

The Governance Committee shall from time to time, and in consultation with each committee, review all Terms of Reference with a view to ensuring that they reflect best governance practices as well as the current practice of each committee.

1.03**BOARD MEMBERS AS LIAISONS TO PROGRAM AND DIVISIONAL COMMITTEES**

In accordance with the **Terms of Reference**, directors may be appointed as Board Liaisons to Program and Divisional Committees. A director so appointed shall have the following responsibilities, as may be applicable with respect to each such committee:

- Attend meetings of such Program or Divisional Committee and, if required, the applicable Program Delivery Group
- Act as a Liaison between such Committee and the Board

1.04**DIRECTORS' RESOURCES****a) Jackets**

Each Director shall be entitled to a BC Hockey jacket, the cost to be borne by BC Hockey. Directors can request a second jacket as needed.

b) Business Cards

Each Director shall be issued 100 business cards annually.

c) Game Passes

Each Director shall be issued an official BC Hockey game pass annually.

d) Ring

It will be the privilege of this Society to confer upon each Chair of the Board, at the completion of tenure of office, a ring duly made by die for this Society only. The ring shall entitle the qualified owner, upon presentation of same, to admission to any game or games played under the jurisdiction of the Society.

1.05**CONFLICT OF INTEREST POLICY**

Conflicts of interest arise in different ways. BC Hockey has adopted the following policy to address the various types of conflict of interest.

1.05.1**PERSONAL INTEREST IN A TRANSACTION**

Section 56 of the *BC Society Act* requires that:

1) director of a society who has a direct or indirect material interest in

- a) a contract or transaction, or a proposed contract or transaction, of the society, or
- b) a matter that is or is to be the subject of consideration by the directors, if that interest could result in the creation of a duty or interest that materially conflicts with that director's duty or interest as a director of the society.

2) A director to whom this section applies must

- a) disclose fully and promptly to the other directors the nature and extent of the director's interest,
- b) abstain from voting on a directors' resolution or consenting to a consent resolution of directors in respect of the contract, transaction or matter referred to in subsection (1),
- c) leave the directors' meeting, if any,
 - i. when the contract, transaction or matter is discussed, unless asked by the other directors to be present to provide information, and
 - ii. when the other directors vote on the contract, transaction or matter, and
- d) refrain from any action intended to influence the discussion or vote.

Subsections (4) and (5) of section 56 of the New Act set out certain exceptions to these general prohibitions that will apply only rarely (including voting on honoraria).

BC Hockey adopts the wording of section 56 of the New Act to govern its directors from the date of adoption of this policy. The same obligations shall apply to all members of Standing Committees, Divisional Committees, Program Committees, Work Groups and Task Groups. [See also bylaw 752 in this regard.]

Any disclosure made under these provisions and any resulting actions shall be recorded on the minutes of the meeting at which such disclosure occurred.

1.05.2**CONFLICTING LOYALTIES**

BC Hockey recognizes that many of its volunteers have had long standing involvement in amateur hockey within British Columbia. Many fulfill ongoing roles with BC Hockey Members and other hockey-related organizations. In many cases, such individuals bring important perspectives to the work of BC Hockey's Committees, Work Groups and Task Groups. In fact, some BC Hockey Committees (including all of its Divisional Committees) are structured with the intent that representatives of other stakeholders will participate fully in those Committees.

There are circumstances, however, in which conflicting loyalties of a committee, task group or work group member may interfere with proper and full performance of that person's efforts in support of BC Hockey.

In this section, the phrase "BC Hockey Group" refers to BC Hockey Committees, Program Delivery Groups, Work Groups and Task Groups.

An individual who sits on the Board, Executive Committee or similar body, or is an officer or employee of, a BC Hockey Member should not be a member of any of the following BC Hockey Groups:

- Board of Directors
- Finance Committee
- Minor Discipline Task Group (including Coordinator)
- Minor Communications and Relations Task Group (including Coordinator)

In addition, an individual who sits on the Board, Executive Committee or similar body, or is an officer or employee of, a BC Hockey Member should not hold any of the following BC Hockey positions:

- Appeal Committee Chair
- Adult Male Coordinator
- Female Coordinator
- Junior Coordinator
- Minor Championship Coordinator
- Minor Operations Coordinator
- Officiating Coordinator / RIC

Many BC Hockey volunteers have been honoured as life members of other BC Hockey-related bodies. Holding such an office shall not be a violation of the restrictions set out above so long as the role is honorary and does not involve active participation in governance and decision-making of the other organization.

Every member of a BC Hockey Group shall, upon and within three (3) weeks of such appointment, complete and submit to the Chief Executive Officer a disclosure form indicating the involvement of that individual, their spouse and any children residing with them, with any BC Hockey member, including involvement as an executive member, team official or player.

To the extent that a member of a BC Hockey Group is, pursuant to this policy, permitted to concurrently be a member of the board, executive committee or similar body, or an officer of, a member of BC Hockey:

- Such individual must acknowledge, and should obtain acknowledgement from that other member, that in participating in the BC Hockey Group, the individual is not to seek or receive direction from that other member, and will in fulfilling that individual's role, follow all BC Hockey regulations, policies and board decisions and will report to and seek direction from others in accordance with BC Hockey policies;
- To the extent the individual is required to make a decision that impacts a member (or registered participant from that member) with which the individual is closely associated, the individual will ensure that the decision is made and is seen to be made in an impartial manner without influence arising from such association, and will refer such decision to or seek assistance from others, as appropriate, to ensure this goal is met;
- This section of the policy shall not apply to members of Divisional Committees (other than divisional coordinators).

1.05.3

OTHER CONFLICTING INTERESTS

A variety of other situations may arise where a BC Hockey volunteer is faced with conflicting interests. Some BC Hockey volunteers are engaged in player evaluation and program or team selection processes. Others will oversee championships and other competitions. In all activities undertaken on behalf of BC Hockey, volunteers should endeavour to avoid conflicts and potential conflicts and ensure that all actions are seen to be fair and unbiased. In this regard, guidance may be obtained from the guidelines and categories established by the Sport Dispute Resolution Centre of Canada in its publication "Conflicts of Interest in Sports-Related Decision-Making", which is published at www.crdsc-sdrcc.ca/eng/documents/SDRCC_COI_Brochure_ENG_final_web.pdf

In considering this publication, it is important to note that BC Hockey's governance structure contemplates the involvement of directors and others at multiple levels of the policy development process. Involvement in matters at one (1) level (including the statement of opinions on it) should generally not prevent a director or other volunteer from continuing involvement in an issue at other levels. At the same time, all involvement in decision-making for which the principles of natural justice may apply should reflect full respect for those principles.

1.06

IN CAMERA MEETINGS

There are times when discussions within BC Hockey Board meetings must be kept confidential. Such discussions are considered to be "in camera" meetings.

In camera meetings have a legitimate purpose but their use should be limited. Because in camera meetings restrict the normal information reported to the Membership, their use should be limited to those occasions when they are absolutely necessary.

a) Factors Supporting in Camera Meetings

In camera meetings should be considered where the following subject matter is to be discussed:

- i. personnel matters about any identifiable individual, including employees, Directors, registered participants, or Members of BC Hockey,
- ii. commercially sensitive business matters, including matters subject to confidentiality agreements with third parties;
- iii. litigation or potential litigation; or,
- iv. the receiving of advice that is subject to privilege, including communications necessary for that purpose.

b) Minutes of in Camera Meetings

Decisions made in an in camera meeting (including any in camera discussion within a broader meeting) and, when appropriate, the factors considered in determining to hold a discussion in camera, should be recorded in separate minutes. The Chief Executive Officer should be part of the in camera meeting to keep the minutes unless the circumstances require that he or she also be absent. In his or her absence, the Chair is responsible for ensuring that an appropriate record of the discussion is kept.

Minutes of an in camera meeting should be distributed to those who participated in the meeting and after their approval should be kept confidential and separately along with any materials considered as part of the in camera meeting. BC Hockey's Chief Executive Officer shall keep or cause to be kept a record of in camera minutes.

Any access to in camera minutes is limited to the participants of the in camera meeting. Any requests for access to in camera minutes by any other individual should be directed to BC Hockey's Chief Executive Officer who will consult with the Chair of the meeting within which the in camera discussion occurred (if other than the Chair of the Board), or the Chair of the **in camera portion of the meeting, prior to granting access to in camera minutes.**

1.07**ANNUAL AND SPECIAL GENERAL MEETING PROCEDURES POLICY****a) Interpretation**

- i. This is a policy of the Board.
- ii. Annual and Special General Meetings take place as set out in BC Hockey's Bylaws and Regulations.
- iii. All General Meetings are chaired by the Chair of the Board for BC Hockey, as defined in Bylaw 101(e).

b) Meeting Procedures

- i. The Chair calls the meeting to order and may make announcements or comments. The Agenda is proposed as distributed. Any modification, change of order or addition is received by the Chair and accepted or rejected by the members present at the meeting.
- ii. The business of the meeting should be conducted through: a) the proposal of motions to be debated; b) reports of persons or Committees; c) questions.
- iii. Any person who wishes to speak to a motion must be recognized by the Chair. Once recognized, he or she is said to "have the floor". Discussion on a debated motion must be relevant to the subject, impersonal and directed to the Chair. If the speaker fails to adhere strictly to the subject in a courteous, expeditious manner, or otherwise violates the rules of order, he or she shall be warned. If the speaker persists the Chair may rule him or her "out of order", thereby withdrawing the right to speak to the motion.
- iv. The time allowed for discussion may be limited, within reason, by the Chair or by the meeting. It is advised that every speaker indicate whether he or she is for or against the motion. If the discussion has continued for a reasonable time, and the viewpoint for or against the question has been given, the Chair may ask for a motion to terminate the discussion or "call the question" (move the previous question).
- v. No member shall speak more than once on the same question without consent of the Chair, except in explanation of a material part of a speech which may have been misconstrued, and in doing so the member shall not introduce new information. Members speaking to a question will be allotted three (3) minutes each time they speak. Members will not speak for a second time until all other members have had an opportunity to speak for the first time.
- vi. The Chair shall preserve order and decide points of order which may arise.
- vii. The Chair may, at his or her discretion, call for a recess.

Should this not be possible, the parties should be referred to the "Association Dispute Resolution Policy".

4.06.5**LEGAL CONTEXT**

BC Hockey urges all associations and volunteers to review the Controlled Drugs Act and the Liquor Control and Licensing Act. BC Hockey strictly prohibits the consumption of controlled substances by minors. The use of all substances and participation in behaviours restricted by societal law are strictly prohibited, while participating at a BC Hockey sanctioned event.

BC Hockey realizes responsible use of alcohol by adults is acceptable with the implementation of responsible parameters, where alcohol is controlled by a server in a licenced environment.

4.06.6**DOPING**

Hockey Canada and BC Hockey are unequivocally opposed to the use or application of any banned substance that contravenes the rules of the International Ice Hockey Federation or the International Olympic Committee for the purpose of enhancing an athlete's performance in any form of competition.

Any team official condoning the use of banned substances as described in the Hockey Canada Association Anti-Doping Policy, counseling, or advising others to use banned substances, securing, supplying or administering banned substances shall be severely dealt with.

BC Hockey adopts the Canadian Anti-doping Program as approved by Hockey Canada through the Canadian Center for Ethics in Sport (CCES). Information on the current CCES policy can be obtained through:

4.06.7**CRISIS COUNSELING**

Situations involving serious and sometimes catastrophic incidents may affect the mental and physical well-being of those involved, including the volunteer leaders. BC Hockey recognizes the expertise of those trained in offering after-incident support and counseling for the participants involved in serious incidents. BC Hockey will direct members, upon request, to agencies involved in these support services.

4.06.8**SUPERVISORY RESPONSIBILITY**

Minor hockey organizations are responsible for the reasonable safety and well-being of all minor athletes (under the age of majority) while participating in sports activities. Supervisory responsibilities play an integral part of a coach's role. Interaction between coaches and players must be based on each organization's code of conduct that establishes **respect, dignity, health, and well-being** for all athletes.

Ultimately, coaches assume the role of parent / guardian when traveling with teams and must make every reasonable effort to provide adequate supervision of the players. It is imperative that the rules and player expectations are clearly defined, discussed and presented to all participants including the parents and players prior to departing for a road trip. When parents travel with the team, it is imperative that the coach meet with the parents to ensure that their sons and daughters adhere to all team rules including use of drugs and alcohol, smoking, curfew, etc. It is important that this discussion take place prior to departure and not after an incident occurs on

the road. Supervision ratio should be based on the age and physical limitations of the players. Although the coach assumes full responsibility for the members of the team, it is reasonable to assume that he / she will require "free time" and in his/her absence, a pre-assigned member of the supervisory staff will be appointed to assume the leadership role for players to ensure that policies and procedures as previously agreed upon are adhered to by all participants. For the protection of all participants, it is recommended that the members of the coaching and supervisory staff be screened in compliance with the policies of the local Association and/or Branch.

Rules and regulations regarding the illegal use of drugs and alcohol, smoking, curfews, inappropriate behaviour including abuse, harassment, and bullying should be reviewed with team members, parents and team personnel. Coaches are well advised to ensure that these rules and regulations are in compliance with those of the Association, Branch and Hockey Canada.

Information on the location, telephone numbers, cellular numbers, and email addresses where the team will be staying is important to ensure that players and parents are able to make immediate contact in the event of an emergency.

If players are staying with a billet, it is important that the recommendations as outlined in the Respect in Sport program are reviewed. Coaches should have a contact list of billets that includes the names and addresses of the billets, players assigned, and telephone and / or cellular numbers. It is imperative that players are provided with contact numbers and location of the coach and supervisory personnel in the event of an emergency. The coach or his / her designate is to be available 24 hours in the event of an emergency.

If players are staying in a hotel / motel, it is important that the recommendations as outlined in the Respect in Sport program are reviewed. Coaches (and staff) should pre-assign players to rooms. Ideally personnel and players should not share accommodations regardless of the cost saving or other benefits. If sharing a room, please ensure that the two (2) deep rule is observed at all times. If only one (1) player and one (1) supervisor are alone in the room for a brief period of time, the outer door should be left open. People of different genders should not share rooms. No one other than the occupants of a given room will be permitted in the room unless the door is left open for visual access to outsiders. No guests outside of the team members will be permitted in the rooms at any time. Guests must only be met in common areas including hotel lobbies, restaurants, etc. Team and small group meetings should be held in common areas such as a conference room. No sexual contact will be permitted by players who are minors while traveling with the team.

Legal Decision - Patterson Palmer Law

"The standard of care owed by a teacher to students who are under his supervision is that of a "careful and prudent parent", depending on the circumstances. While courts have held that volunteer non-profit organizations should be held to a lower standard, the only cases I was able to locate on this topic dealt with injuries sustained in the context of a sporting event, not while the minor was under the general care and supervision of the coach. Given that the supervising coach and his staff on road trips are responsible for the supervision and well-being of the minors in their charge 24 hours a day, it seems likely that the courts would revert to the careful and prudent parent standard in such circumstances, even in the case of volunteer non-profit organizations."

4.06.9

ALCOHOL AND TOBACCO ADVERTISING

No Minor Hockey program will display, or allow to be displayed, any advertising of alcohol or tobacco in relation to a League or Team.

In no event shall any loss of life or major personal injury to its members or members of the public be acceptable.

BC Hockey will apply to risks of accidental loss through the Risk Management process which includes a systematic and continuous identification of loss exposures, the analysis of these exposures in terms of frequency and severity probabilities, the application of sound risk control procedures and the financing of risk consistent with financial resources provided for during any fiscal year.

In recognition of its volunteer and financial resources and its physical assets, BC Hockey will accept retention of only those insured losses that are eligible through Hockey Canada during any playing season.

5.04 ADOPTION OF HCSP AND RESPECT IN SPORT PROGRAMS

BC Hockey adopts and recognizes the Hockey Canada Safety Program (HCSP) and Respect in Sport as key elements of its risk management programs for itself and its membership. All members of BC Hockey are expected to observe the requirements of these programs. The requirements of these programs are supplemented by additional risk management requirements and programs as set out in this Policy.

5.05 HOCKEY CANADA SAFETY PROGRAM (HCSP) GUIDELINES

The Hockey Canada Safety Program utilizes a proactive, preventative, common sense approach to keeping our children safe. The goal of the program is for the safety people to implement effective risk management programs with their own teams where player safety is the first priority at all times, both on and off the ice.

The safety person is an individual that has become HCSP certified. This certification program must be successfully completed every three (3) years in order to be a team's safety person, even if the individual is a medical professional.

BC Hockey will accept accreditation from other Hockey Canada Branches to a maximum of three (3) years from when the delegate took their HCSP certification.

The Safety Person:

- Conducts regular checks of players' equipment.
- Is responsible for promoting proper warm up and conditioning techniques as a form of injury prevention.
- Coordinates plans for road trips, tournaments, etc. and assists in the overall supervision of the team.
- Establishes medical history files on every player and carries these files and the team first aid kit on every outing.
- Implements an emergency action plan for the team and through this is prepared to react in the event of accidents, injuries and medical emergencies.
- Manages all injuries, learns to recognize serious injuries and refers injured players to qualified professionals.
- Assumes a leadership role in promoting the values of safety, fair play and integrity.
- Must be a minimum of 19 years of age.

5.05.1

All BC Hockey Minor Teams are required to register a Safety Person who is certified in the Hockey Canada Safety Program (HCSP). The Safety Person is required to be certified prior to participation in practice and games.

5.05.2

Minor Hockey Associations are to ensure that a Safety Person who is certified in the Hockey Canada Safety Program (HCSP) is in attendance during all sanctioned activities. Failure to meet this requirement may result in the revocation of BC Hockey sanctioning. Unsanctioned events are not covered by the association's insurance policy.

5.06**HOCKEY CANADA - BC HOCKEY SERIOUS INJURY REPORT PROCEDURE**

For all injuries, the BC Hockey member will complete a Hockey Canada Injury Report and forward it to the BC Hockey Office.

The BC Hockey Office will administrate all injury claims with Hockey Canada. Serious injuries resulting in Hockey Canada investigation will be reviewed by the Staff Resource Person.

5.07**RESPECT IN SPORT (RIS) GUIDELINES**

RIS is an online course for coaches and sport leaders. It is designed as a tool to assist coaches in identifying and dealing with abuse, neglect, harassment and bullying in sport.

- The minimum age for participants is 16 years old as of December 31
- RIS certification expires after five (5) years. (commencing in the 2014-2015 season)

5.08**ASSOCIATION AND LEAGUE SCREENING PROCESS**

BC Hockey requires that all Minor Hockey Associations, Teams and Leagues have a documented screening process. An outline of such documentation is to be filed with BC Hockey annually. Failure to comply with this requirement will result in the cancellation of BC Hockey sanctioning for events hosted or operated by the Minor Hockey Association, Team or League.

NOTE: Unsanctioned events are not eligible for cover age under the Hockey Canada Insurance Program.

5.09**CRIMINAL Record Checks****Purpose**

The British Columbia Amateur Hockey Association ("BC Hockey") is committed to providing a high standard of service to all of its members. Carrying out Criminal Record Checks ("CRC") and Vulnerable Persons Checks ("VPC") of potential employees and volunteers helps to prevent the appointment of unsuitable candidates by our organization. CRCs and VPCs are also a part of a prudent and consistent approach to ensuring the safety of our current employees, volunteers, and players from unsuitable individuals.

Policy

BC Hockey requires all persons 18 years of age and older applying for employment or volunteer positions to complete a consent for Criminal Record Search Form and VPC.

Failure to provide a CRC and VPC will prevent the individual from obtaining that position.

The application for the CRC and VPC is required upon initial appointment, or upon the individual reaching the age of 18, and maintaining the position is contingent upon the results of the checks coming back satisfactory to BC Hockey.

A CRC must be renewed as follows:

- a) Every five (5) years in the case of current BC Hockey Directors and employees; and
- b) Every three (3) years for all other positions, including volunteer positions.

A VPC is only required upon initial application and renewal is not required. If a person already employed or volunteering with BC Hockey did not complete a VPC upon initial application, the VPC will not be required until their next CRC renewal.

All BC Hockey employees and volunteers are required to report charges or convictions of any new offence under the Criminal Code of Canada and / or the Controlled Drugs and Substances Act on an on-going basis to the BC Hockey Chief Executive Officer.

Policy Guidelines

A CRC and VPC consist of a criminal record name check performed by municipal police or local RCMP detachment. For residents of British Columbia, an online application available through the Ministry of Justice's Criminal Records Review Program is the recommended method to complete a CRC and VPC.

Individuals applying for positions, other than permanent staff positions and Director positions, with BC Hockey shall pay for their own CRCs.

When filling out the Consent for Criminal Record Search Form and VPC, the applicant must authorize the municipal police or RCMP to disclose all information regarding his / her CRC and VPC to BC Hockey at 6671 Oldfield Road, Saanichton, British Columbia V8M 2A1 to the attention of the BC Hockey Chief Executive Officer.

The CRC and VPC will either indicate that the individual does not have a criminal record or that a criminal record may or may not exist. If the CRC or VPC indicates that the individual may or may not have a criminal record, the individual will be required to attend the police detachment and have fingerprints taken to satisfactorily complete their CRC or VPC requirements to determine that the CRC or VPC is for the correct individual or to confirm that no mistakes have been made.

One (1) person who is not currently serving on any boards, committees, etc. (preferably a police officer or RCMP officer or a lawyer) will be appointed by the BC Hockey Chief Executive Officer to act as BC Hockey's internal Backcheck Representative.

The Backcheck Representative is responsible for reviewing CRCs and VPCs.

When the Chief Executive Officer or a BC Hockey Staff Resource Person designated by the Chief Executive Officer of BC Hockey receives the CRC and VPC information from the Ministry of Justice, municipal police or RCMP, it will be immediately stored in a secured and confidential electronic file and kept independent from all other files. The BC Hockey Chief Executive Officer shall protect the personal information contained in the confidential electronic file by making reasonable security arrangements against such risks as authorized access, collection, use, disclosure or disposal. The CRC information will be forwarded by the Chief Executive Officer to the Backcheck Representative, and will be treated with complete confidentiality. The Backcheck Representative and the Chief Executive Officer will be the only two (2) persons who have access to the confidential electronic file containing the CRCs and VPCs.

If no further investigation regarding an individual CRC or VPC is required, the Criminal Record information will be kept in the secured, confidential electronic file. Applicants will only be contacted if their CRC or VPC is "flagged" as a potential risk to BC Hockey by the Backcheck Representative.

A satisfactory CRC or VPC is either:

- a) Confirmation from the police that no criminal records and / or charges exist; or
- b) That any existing convictions and / or charges are not relevant to the position, as determined by the Backcheck Representative.

In determining whether any convictions and / or charges are relevant to the position, the Backcheck Representative will gather information which may include telephone or personal interview with the individual and / or other persons or agencies.

The Backcheck Representative, in making the final decision, will consider the following:

- a) Relationship of the offence(s) to the nature of the position;
- b) Number and nature of the charges and / or convictions;
- c) Relevant offences listed in Schedule 1 of *Criminal Records Review Act*, R.S.B.C. 1996, c.86;
- d) When the offence(s) occurred; and
- e) What the individual has done since the date of the offence.

If the Backcheck Representative determines that the individual poses a risk and is not an appropriate candidate for the position, the Backcheck Representative will immediately notify the individual and the Chief Executive Officer of BC Hockey in writing of the Backcheck Representative's decision.

All notes, information and informal materials pertaining to an individual's CRC and VPC will be kept in a separate file by the Backcheck Representative. They will not be contained in the individual's BC Hockey file.

BC Hockey will not refuse a position to an individual because he or she has been charged with or convicted of an offence of a type which does not pose a risk to BC Hockey, considering the duties of the position the person is seeking to occupy.

NOTE: In addition to the completion of a satisfactory Criminal Record Check and a Vulnerable Person Check, Minor Hockey Associations must ensure that all Volunteers (including On-Ice Officials i.e. Referees) obtain the required Certifications as set out in BC Hockey Regulations prior to participation in sanctioned games / events. Failure to ensure these requirements are met may jeopardize the event sanction and will result in disciplinary action against the Association.

Individuals with a current CRC on file with BC Hockey are not required to complete the VPC until the required CRC renewal.

- d) It is the responsibility of the team to ensure that these guidelines are followed.

Team Officials should not force a player to play after they are injured or play a player without a medical certificate following illness or injury.

When an injury that prevents a player from participating in regularly scheduled practices or games occurs, it is essential that a medical certificate from a physician authorizing the player's return to active participation be presented to a team or association official.

Team officials should not allow an injured player to be on the players' bench during a game or practice without Hockey Canada / BC Hockey required protective equipment.

5.16

3. When the Participants involved interacted due to their mutual involvement in hockey; or
4. Outside the hockey environment, where the violation of the Policy has a serious and detrimental impact on another Participant.

c) DEFINITIONS

Bullying is defined by the combined use of negative aggression and power. It occurs when one or more individuals directs verbal, physical or social aggression at another individual. Harm inflicted by Bullying may be physical, psychological, social or educational.

Complainant is a Participant or observer who makes a report of an incident under this Policy.

Consent is the voluntary agreement to engage in sexual activity. Consent cannot be present when one of the individuals engaged in the sexual activity is below the age of sexual consent, nor can consent be present if a person seemingly agrees to sexual activity in response to a person abusing a Power Imbalance.

Harassment includes engaging in a course of vexatious comments or behaviours that are known or ought reasonably to be known to be unwelcome, including but not limited to unwanted behaviour that is based on discrimination prohibited by human rights legislation and includes sexual harassment.

Grooming constitutes deliberate conduct by a Participant to sexualize a relationship with a Minor Participant that involves the gradual blurring of boundaries and normalization of inappropriate and sexually abusive behaviour.

Maltreatment means volitional acts or omissions that result in harm or the potential for physical or psychological harm. Maltreatment can take many forms (as further particularized in Section D below), but generally includes any act, lack of an action or deliberate behaviour, by a person(s) that causes physical, emotional and/or sexual harm or damage to another person. Maltreatment also includes child abuse, which can be defined as any form of physical, emotional and/or sexual mistreatment or lack of care which causes physical injury or emotional damage to a child, whether done in person or through technology (including but not limited to computers, the Internet, cell phones, cameras, web cameras and other media).

Minor means an individual who is under the age of majority at the time and in the jurisdiction where an incident of Maltreatment, Bullying or Harassment occurred. The following is a summary of the age when each provincial/territorial jurisdiction in Canada considers an individual a Minor:

Power Imbalance means a relationship where, based on the totality of the circumstances, a Participant has a duty of care with respect to another Participant or has supervisory, evaluative, or other authority over that Participant. Maltreatment occurs when a Power Imbalance is abused. Once a coach-player relationship is established between Participants, a Power Imbalance is presumed to exist throughout the coach-player relationship, regardless of age. If the coach-player relationship has ended, a Power Imbalance is presumed to continue for players who were Minor Participants at the outset of the coach-player relationship until that player reaches 25 years of age. A Power Imbalance may exist, but is not presumed, where an intimate relationship existed before the sport relationship commenced.

Respondent is an individual who is alleged to have engaged in a violation of this Policy.

e) FORMS OF BULLYING

Bullying includes a continuum of hurtful behaviours that can range in severity from name-calling to criminal assault.

Harassment can be generally defined as engaging in a course of vexatious comments or behaviours against a person that is known or ought reasonably to be known to be unwelcome, and includes, without limitation, abuse of power, harassment based on protected grounds of discrimination under human rights legislation and sexual harassment. Harassing behaviour can involve comments, conduct or gestures which are insulting, intimidating, humiliating, hurtful, malicious, degrading or otherwise offensive. - Conduct or comments intended to create, or having the effect of creating, an intimidating, hostile or offensive environment; or
- Touching another Participant's body without consent.

It is important to note that some of the behaviours listed above, when directed towards a Minor Participant, may also constitute abuse under child protection legislation. This may also be true of other behaviours, for example, certain hazing practices and some forms of Bullying identified in Section E. In such cases, the duty to report which arises under the provisions of the applicable provincial or territorial legislation and under this Policy is applicable.

All forms of Harassment listed above may also constitute Maltreatment.

g) REPORTING MALTREATMENT, BULLYING AND HARASSMENT

Maltreatment, Harassment, and Bullying in all its forms will not be tolerated. Accordingly, all Participants are responsible for making every reasonable effort to uphold this commitment. Participants can expect to have an environment free from Maltreatment, Bullying or Harassment.

All Participants have a duty to report any form of Maltreatment, Bullying or Harassment as soon as practical under the circumstances. The obligation to report is an ongoing one and is not satisfied by making an initial report. The obligation includes reporting, on a timely basis, all relevant information of which the Participant becomes aware. As noted elsewhere in this Policy, Participants may have a corresponding duty to report the offending behaviour to law enforcement depending on the nature of the Maltreatment, Bullying or Harassment.

Participants should not investigate or attempt to evaluate the credibility or validity of allegations. Participants making a good faith report are not required to prove that the reports are true before reporting.

A Participant who is aware of Maltreatment, Bullying, or Harassment but does not report it as required by this Policy will be subject to sanction where appropriate.

h) INVESTIGATIONS

BC Hockey is committed to investigating all reports of Maltreatment, Bullying or Harassment involving Participants. The investigation will adhere to all principles of natural justice, providing procedural and substantive due process for all parties to the investigation. Note that **BC Hockey** may be unable to investigate the conduct of a Participant in instances where law enforcement are conducting a parallel investigation.

At the outset of each investigation, **BC Hockey** will consider whether interim suspensions or other restrictions on participation should be put in place pending the completion of the investigation. Such measures may be appropriate depending on the nature of the allegations and the information contained in the complaint.

Interference with or manipulation of the process is strictly forbidden. It is a violation of this process if any party to the investigation does any of the following:

- i. Falsifies, distorts, or misrepresents information, the resolution process, or an outcome;
- ii. Destroys or conceals information;
- iii. Attempts to discourage an individual's proper participation in the investigation or from reporting an incident;
- iv. Harasses or intimidates (verbally or physically) any person involved in the investigation before, during, and/or following any investigation;
- v. Publicly discloses a party's identifying information, without that party's agreement;
- vi. Fails to comply with any temporary or provisional measure or other final sanction;
- vii. Distributes or otherwise publicizes materials a party gains access to during an investigation or hearing, except as required by law or as expressly permitted; or
- viii. Influences or attempts to influence another person to interfere with or manipulate the process.

If a party to an investigation is found to have engaged in any of the above noted activities, they will become subject to the sanctions listed in this Policy.

Reprisal taken against any Complainant will not be tolerated. A Participant engaged in reprisal or retaliation will be subject to the sanctions listed in this Policy.

Responses, Sanctions and Remedies

It is the position of **BC Hockey** that Maltreatment, Bullying and Harassment cannot and should not be tolerated in any environment, including hockey. Maltreatment, Harassment and Bullying are unacceptable and harmful. **BC Hockey** recognizes the negative impact of all types of Maltreatment, Bullying and Harassment on personal dignity, individual and group development and performance, enjoyment of the game and in some cases, personal safety.

At the same time, **BC Hockey** recognizes that not all incidents of Maltreatment, Bullying and Harassment are equally serious in nature and in their consequences. Maltreatment, Bullying and Harassment cover a wide spectrum of behaviours, and the response to those forms of behaviour must be equally broad in range, appropriate to the behaviour in question, and capable of providing a constructive remedy. The process of investigation and resolution of any complaint of Maltreatment, Bullying or Harassment must be fair to all parties, allowing adequate opportunity for the presentation of a response to all allegations by the Respondent.

Any sanction imposed against a Participant must be proportionate and reasonable, relative to the Maltreatment, Bullying or Harassment that has occurred, considering previous disciplinary actions. However, progressive discipline is not required as a single occurrence of a prohibited activity can lead to a very significant sanction.

If Maltreatment, Bullying or Harassment are proven, one or more of the following sanctions may be imposed:

- i. Verbal or Written Warning – A verbal reprimand or an official, written notice that a Participant has violated the Policy and that more severe sanctions will result should the Participant be involved in other violations.
- ii. Education – The requirement that a Participant undertake specified educational or similar remedial measures to address the violation.
- iii. Probation – A period can be set wherein, if the Participant is found to have engaged in any behaviour prohibited by this Policy, then they will be subject to loss of privileges or other conditions, restrictions, or requirements for a specific period of time.
- iv. Suspension – Suspension, either for a set time or until further notice, from participation, in any capacity, in any **BC Hockey**-sanctioned activity. A suspended Participant is eligible to return to hockey, but reinstatement may be subject to certain restrictions or contingent upon the Participant satisfying specific conditions noted at the time of suspension.
- v. Eligibility Restrictions – Restrictions or prohibitions from some types of participation but allowing participation in other capacities under strict conditions.
- vi. Permanent Ineligibility – Permanent ineligibility to participate in any **BC Hockey**-sanctioned activity.
- vii. Other discretionary sanctions – Other sanctions for Maltreatment, Bullying or Harassment may be imposed, including, but not limited to, other loss of privileges, no contact directives, a fine or a monetary payment to compensate for direct losses, or other restrictions or conditions as deemed necessary or appropriate.

Factors relevant to determining appropriate sanctions include, without limitation:

- i. The severity of the Maltreatment, Bullying, or Harassment and whether it constitutes criminal behaviour;
- ii. The nature and the duration of the offender's relationship with the victim, including whether there is a Power Imbalance between the two parties;

- iii. The offender's prior history and any pattern of inappropriate behaviour or Maltreatment;
- iv. The ages of the individuals involved;
- v. Whether the offender poses an ongoing and/or potential threat to the safety of other Participants;
- vi. The offender's voluntary admission of the offense(s), acceptance of responsibility, and/or cooperation with the investigation
- vii. Real or perceived impact of the incident on the victim, **BC Hockey**, or the hockey community;
- viii. Circumstances specific to the offender being sanctioned;
- ix. Whether, given the facts and circumstances that have been established, continued participation in the hockey community is appropriate;
- x. An offender who is in a position of trust, intimate contact or high-impact decision making may face more serious sanctions; and
- xi. Other mitigating or aggravating circumstances.

Any single factor, if severe enough, may be sufficient to justify the sanction(s) imposed. A combination of several factors may justify elevated or combined sanctions.

Presumptive sanctions are in place for certain violations of this Policy. The following sanctions are presumed to be fair and appropriate for the listed violations, but the offender affected may rebut these presumptions or **BC Hockey** may provide more severe sanctions where appropriate:

- i. Sexual Maltreatment involving a Minor Participant shall carry a presumptive sanction of permanent ineligibility;
- ii. Sexual Maltreatment, Physical Maltreatment with contact and any attempts to mislead an investigator or falsify evidence shall carry a presumptive sanction of either a period of suspension or eligibility restrictions; and
- iii. While an offender has pending charges or dispositions in violation of the criminal law, the presumptive sanction shall be a period of suspension.

A false accusation of Maltreatment, Bullying or Harassment can be devastating to the Participant who is being accused, both personally and professionally. Any Complainant making a complaint which is found to be clearly unfounded, false, malicious or frivolous, therefore, will be in breach of this Policy, and may be subject to consequences within **BC Hockey** and may also be referred to third party authorities.

All decisions under this Policy will be final, with no further right of appeal or reconsideration within **BC Hockey's** structure.

i) REPORTING CHILD ABUSE

Duty to Report

Child abuse is any form of physical, emotional, and/or sexual mistreatment or lack of care that causes injury or emotional damage to a Minor. Child abuse is a pervasive social problem requiring vigilance, sensitivity and care. **BC Hockey** is committed to help reduce and prevent the abuse and Maltreatment of Participants. **BC Hockey** realizes that Participants working closely with Minors are in a unique position to detect abusive situations. Therefore, these Participants have a heightened reporting responsibility to ensure the safety of Canada's

Minors, by knowing the requirements of the applicable provincial/territorial child protection legislation and following through as required.

A cross-Canada list of Child Protection Acts can be found through the Canadian Child Welfare Research Portal's web site at <https://cwrp.ca/legislation>.

Included under the umbrella of child abuse is child exploitation. **Child exploitation** includes but is not limited to:

- i. The actual or attempted abuse of a position of authority, differential power or trust in relation to a Minor, with a view of benefiting sexually, monetarily, socially or politically from the use of a Minor;
- ii. Intentionally viewing, downloading or distributing any sexualized, demeaning or violent images involving Minors; or
- iii. Taking a photograph or other image of a Minor or making representations of a Minor in a way that can reasonably be interpreted as sexualized, demeaning or violent.

Every province and territory in Canada has mandatory reporting laws regarding the abuse, exploitation, and neglect of children. Consequently, any Participant engaged in a **BC Hockey**-sanctioned activity, who has reasonable grounds to suspect that a Minor is or may be suffering or may have suffered from any form of child abuse, has a legal obligation to immediately report the suspicion and the information on which it is based to the local child protection agency and/or the local police detachment. Immediate investigation of abuse should only take place under the advice of the police or the local child protection agency.

Everyone involved in **BC Hockey**-sanctioned activities should be aware that child abuse may be the subject of a criminal investigation and/or disciplinary procedures. Failure to report actual or suspected child abuse places a Minor at an ongoing risk of harm and, therefore, a Participant who does not report actual abuse, or a reasonable suspicion of abuse, may be liable under provincial/territorial child protection legislation which may include conviction for failure to report. All Participants making a report of suspected child abuse to a child protection agency are protected against civil action, unless that person is proven to have acted maliciously or without reasonable grounds for the suspicion.

 - If the Harassment Ombudsperson feels that a resolution is likely, an attempt at resolving the complaint will be made.

m) Upon review of the formal complaint, the Harassment Ombudsperson may determine that it is likely that the behaviour constitutes harassment or abuse. If so, the Harassment Ombudsperson advises the concerned person to process their complaint by an appropriate authority such as internal local level processes, before a court, or the local Police/RCMP if applicable.

There shall be no tolerance of reprisals taken against any party to a complaint. The names of parties and the circumstances of the complaint shall be kept confidential except where disclosure is necessary for the purposes of investigation or taking disciplinary measures.

7.0 COMPETITION POLICIES – GENERAL

7.01 GOALTENDER REPLACEMENT

The rationale for this policy is to ensure that no team gets to the point where there is no goaltender available to their team. Prior to relief being granted under this policy, it is expected that teams will avail themselves of their Hockey Canada registered goaltenders and affiliate goaltenders. Should the team then find itself without a goaltender, it may apply to BC Hockey for relief as follows:

The signing officers of a team may submit a written letter of request to:

- a) In the case of Senior and Junior (Female and Male), the appropriate Division Coordinator.
- b) In the case of U18 AAA, the applicable U18 AAA Coordinator.
- c) In the case of Minor, the Operations Task Group member in the District for which the team participates in.
- d) In the case of a Minor team which participates in a District where there is no Task Group member, the Minor Operations Coordinator.

Such a request must include:

- a) The circumstances that led to the need for relief.
- b) The name of the replacement goaltender they propose to use.
- c) Written permission from said goaltender's registered team.

If permission is granted for the replacement goaltender, it shall include an understanding that the replacement goaltender will act under such terms and conditions as determined by the Division Coordinator or Minor Hockey Operations Coordinator; unless the starting goaltender becomes injured. D. INTERNATIONAL TRAVEL AND HOSTING

INTERNATIONAL TRAVEL AND HOSTING GUIDELINES

a) Overseas Tours - Traveling

The development of plans to carry out an overseas tour needs careful planning and requires a deliberate systematic approach in meeting all the requirements prior to the granting of a sanction by amateur hockey's governing bodies.

Tours involve member nations of the IIHF of which Hockey Canada is a member and therefore it is imperative that all tour activity is coordinated and approved by the appropriate governing bodies of all member countries.

A specific order of operations needs to occur before our membership embarks on developing tour plans. Primarily plans are broken into two (2) main areas:

- i. Prior to seeking Hockey Canada / BC Hockey approval**
- ii. Plan Developments after Hockey Canada / BC Hockey approval**

As a guide to planners, both BC Hockey and Hockey Canada have established criteria that must be adhered to. The Hockey Canada Constitution By-Laws and Regulations have a number of points under Regulation "D" Exhibition Games and Tours that are to be used as a starting point. As well, the BC Hockey Administrative Guide provides further information and BC Hockey makes available a handout entitled International Travel and Hosting Guidelines. All sources need careful scrutiny so plans can develop properly.

i. Prior to Seeking Hockey Canada / BC Hockey Approval

- Prior to seeking approval, the group wishing to tour overseas must have a letter of invitation from the host country's association, league, or governing body indicating:
 - Dates of the tour
 - Participant's age and category of hockey.

NOTE: Reference Hockey Canada Regulation D - Outgoing International Tours

- Any other pertinent information outlining type and frequency of competition
- Upon receipt of the letter of invitation, the BC Hockey member shall make available a fee to cover administration costs (Reference Hockey Canada Regulation D-3). Associations may contact the BC Hockey office for assistance in preparing the application information required.
- Along with the letter of invitation and the administration fee, the member now makes application to BC Hockey through its league structure or minor hockey association for a sanction and subsequent Hockey Canada permission to play against IIHF registered teams. This letter of application must come from the Minor Hockey Association or the League if above minor and be signed by the president or the president's designate. It is important that all dealings are between the local Minor Hockey Association or the League, BC Hockey and Hockey Canada.

- Upon BC Hockey receipt of the Association or League letter, BC Hockey will seek Hockey Canada approval for the proposed tour on behalf of the applicant. The final date for consideration of an application for an International Tour shall be not less than 60 days prior to the tour departure date. This date deadline will be rigidly enforced. The BC Hockey Office will submit the request along with the administrative fee and the letter of invitation on the proper Hockey Canada form.

With acceptance and approval, the minor hockey association or league and team involved can proceed with the more detailed items required in the planning process.

ii. **Plan Developments After Hockey Canada / BC Hockey Approval**

Once governing body sanctions have been obtained, then more detailed criteria can be attended to.

The following includes important items along the development trail:

- A BC Hockey / Hockey Canada representative must be included at the team's expense. This person is to be appointed by the BC Hockey Board of Directors as the tour leader. It is important that this person not be directly connected with the tour group. This individual will be required to interact with foreign hockey governing people (i.e., coaches, administrative leaders and other dignitaries). It is their responsibility to liaise all matters between the tour group and their hosts.
- In order to be consistent on how these BC Hockey representatives are appointed / selected; the following procedure will be followed:
 - Board of Directors to be polled as to who would be interested and available to go.
 - Familiarity with the team and personnel has and can be an advantage for these tours.
 - Interest and availability may conflict at times; anywhere this occurs the deciding factor will be availability.

The representative chosen will be appointed by the BC Hockey Board of Directors.

- Periodic updates are to be submitted to the BC Hockey office in order that tour developments proceed in a logical sequential way. These details should include:
 - Financial arrangements / guarantees being used to finance the tour
 - A list of adults in charge and accompanying the tour group
 - A detailed day by day itinerary listing events, dates, times and places
- It is the responsibility of the group to attend to the areas of passports / visas, medical cover age and insurance, custody of players in case of emergency, daily whereabouts when traveling, and all those other details that would allow people back home quick contact with tour group individuals should the need arise.
- Prior to the departure date, the BC Hockey / Hockey Canada representative must meet with the tour participants in order that expectations held by all participants are thoroughly discussed and reviewed. This is a most important function because those involved must be on a common footing in regard to conduct overseas.

- It would be prudent and it is strongly suggested that the Minor Hockey Association, the above minor league and team involved, keep the hosting IIHF member informed of your plans as they develop particularly after Hockey Canada sanctioning has been obtained. It reassures them in seeing that all details, major and minor, are progressing well.

The experience of participating in an overseas tour will rank as a highlight in one's life. It only makes good sense to plan it properly and execute it efficiently.

iii. Responsibilities of BC Hockey / Hockey Canada Representative

Upon approval of the selection of the representative by the Hockey Canada, this representative will:

▪ Prior To Departure

- File with the BC Hockey office a list of players and other team officials / interested individuals participating with the tour.
- File with BC Hockey an up to date itinerary for the tour
- Make sure all the members of the tour are aware of and acquainted with "Passport to National Pride" contained in the BC Hockey Guide for Hockey Administration

▪ During the Tour

- Will collect all game sheets
- Will ensure only approved players participate in the games
- Will oversee the deportment of the team on and off the ice
- Will remind team members of the different style of hockey they may encounter and their need to adapt to different circumstances
- Will assist the team as needed

▪ Following the Tour

- Will submit all game sheets to the BC Hockey office
- Will submit a written report 30 days following return. The suggested method is a daily summary of activities. Use this as an opportunity to summarize the tour and advise of the good and bad aspects with recommendations for future touring teams.

iv. Helpful Hints

Jet Lag

- Three (3) days before takeoff – three (3) full meals (high protein breakfast and lunch, high carbohydrate supper), tea or coffee only in the afternoon.
- Two (2) days before takeoff – three (3) light low carbohydrate meals, tea or coffee only in the afternoon.
- One (1) day before takeoff – three (3) full meals as in days before takeoff.
- Day of flight - (traveling east) - fast or eat very little before flying. Once on plane drink plenty of liquids (no alcohol), omit the evening meal, try to sleep, eat a high protein breakfast (bring your own if necessary).

- Day of flight - (traveling west) - fast on the plane, drink lots of liquids in the morning but none in the afternoon, omit the lunchtime or evening meal.
- On arrival - whatever the time, eat a hardy meal in accordance with local mealtime. Stay active and go to bed reasonably early.

NOTE: As important as eating the proper foods prior to departing, it is just as important to be properly rested.

Currency Vouchers

- Although your travel agent may assure you that all costs have been paid there are some countries that require currency vouchers. You may be assessed an amount per day when you enter the country and this payment will be entered on your Visa.

Luggage

- Ensure that the players pack as little as possible. Porters and assistance are not always available and carrying, loading and unloading a hockey bag along with two (2) or three (3) suitcases can be wearing and time consuming.

Visas

- Certain Eastern European countries do not like group authorization listings for entry visas. If at all possible ensure that there is a separate authorization for individual's visas; i.e. all players should have their own passport.

Russian Hotels

- If traveling in Russia, do not stay at anything but the Four-Star Hotels ****. Also, know in advance what hotels you will be staying at in case relatives have to contact the team.

Ice Time

- All players who have been involved in the fund raising and are part of the touring team should receive their fair share of ice time while on tour.

Exchange Rates

- Know exchange rates of the country(s) that you will be visiting ahead of time.

Exchange Packages

- Have exchange packages ready in advance for each venue and also gift packages for adult interpreters / guides.

Experience

- There is no substitute for experience. Have someone who has played in or visited the countries you wish to visit speak to your entire group before departure.

b) Hosting an Event Overseas Team Exhibition Tours

In hosting guests that are members of the IIHF, the Canadian team bears an important responsibility in the initiation of developing tour plans.

An invitation must come from the host team, in this case the Canadian team, to the potential overseas guest prior to the beginning of the sanctioning process. This invitation should indicate the parties involved, age of competitors, type and frequency of competition and the proposed dates. All correspondence must come from the Minor Hockey Association or League, if above minor and be signed by the President or his designate.

Once the two (2) parties have their initial contact and exchange of information, the host Association is to inform the BC Hockey office indicating that contact has been made and tentative plans, subject to sanctioning, are now under way. Specific reference is made to Hockey Canada Regulation D Incoming and Outgoing International Tours. BC Hockey will then request Hockey Canada extends an official invitation to the team through their International Federation. If the Tour will involve more than one (1) Branch all Branches must approve the tour. Branches may work together and submit one (1) proposal.

The Hockey Canada Association making the application is responsible for all damages, unpaid debts or other liabilities arising out of the operation of the tour. The branch may, at their discretion, require a \$5,000.00 deposit (Letter of Credit, or other satisfactory security) toward any of the above-mentioned problems. It is also the responsibility of the hosting Association to have the team provide proof of liability insurance and proper medical cover age.

The hosting team can begin its localized plans to receive their overseas guests once the preliminary exchange has occurred between the two (2) participating groups and the governing bodies (BC Hockey and HC).

Generally, a visitation should include a good blend of on-ice and off-ice activities in order to provide the guests with a balanced diet of events.

Each community throughout the Province has a variety of unique offerings peculiar to their locale in regard to geography, history, economy and recreation.

It is suggested that a flavor of each area is provided in order that the guests get exposed to a cross section of life in the local community and in the province.

It is the responsibility of the hosting Association / team to keep the BC Hockey informed on the localized plans for this visit and, as a matter of courtesy, will include BC Hockey as part of the welcoming / opening ceremonies. As the governing body, BC Hockey would only be involved from a protocol standpoint, provided that all Hockey Canada / BC Hockey policies are adhered to. BC Hockey would be available to offer any assistance where requested.

All BC Hockey members are strongly urged to acquaint themselves fully with Hockey Canada Regulation D, Incoming and Outgoing Tours. This regulation contains vital information for BC Hockey members embarking on a tour overseas as well as BC Hockey members hosting teams coming from overseas Federations.

Approvals for touring and hosting will be based entirely on the compliance with this regulation. Familiarity with it is paramount.

c) International Tournaments

All International Tournaments must be sanctioned by Hockey Canada via the Branch. The same procedure as inviting a team for an exhibition tour will be followed. The exception is there is no requirement for the \$5,000.00 Letter of Credit. The hosting association is still responsible for all damage, unpaid debts or other liabilities of the visiting team. It is the responsibility of the hosting association to obtain documented proof of insurance and medical cover age from the team.

BC Hockey members that conduct sanctioned International Tournaments are advised that Hockey Canada Regulation M, Hockey Tournament Regulations, paragraph 1 - 18, apply in all respects. Please note the sanctioning for these tournaments is 90 days in advance of the tournament as per BC Hockey Policy 7.08. Exhibition games planned before and/or after an International Tournament require BC Hockey approval through submission to the BC Hockey office.

 - parent must indicate the consulate at which the application was filed
 - ii. Temporary Work Permit
 - iii. Refugee status

This policy endeavours to analyze the commitment to Canada by the parent(s) of the player. The criteria are consistent with the hierarchy utilized by Immigration Canada in such situations and are intended to facilitate the administration of these applications.

9.08**TRANSFERRING OF GOALTENDERS FROM ANOTHER ASSOCIATION FOR REGISTRATION ON CARDED TEAMS**

Where an association, for whatever reason, does not have a goaltender or a second goaltender; then that association can apply to their BC Hockey Minor Operations Task Group member to register another goaltender or goaltenders from the next nearest association in their District. The BC Hockey Minor Operations Task Group member will then canvas to obtain a goaltender or goaltenders. Once this is done the following approvals must be obtained:

- a) Written request from the Association asking permission to pick up a goaltender or goaltenders and the reason why.
- b) Letter from the association the named goaltender(s) are coming from giving permission for this move.
- c) Letter from parents of the named goaltender(s) giving their permission for this move.
- d) Letter of support / non-support from the District President.
- e) Letter of support / non-support from their BC Hockey Minor Operations Task Group member.

The above shall be sent to the BC Hockey Office and addressed by the BC Hockey Minor Operations Task Group member, the District President and the Minor Operations Coordinator.

**The intent of this policy is not to penalize teams who wish to card but are unable to because of no goaltender. It should also be understood that the goaltender being picked up not be necessarily the best available goaltender in their District and does not allow an association to ignore an eligible goaltender from their own association because of questionable assumptions.*

9.09**WAITLIST POLICY**

- a) Minor Hockey Associations must register all participants who have been placed on a waitlist via the HCR.
- b) Registration openings are to be made available to waitlisted players on a chronological criterion (i.e. when an open spot becomes available, it shall be offered to the waitlisted player who registered earliest).
- c) Minor Hockey Associations who have players currently registered on a waitlist may not accept a player by way of residential waiver.

9.10**OVER AGE PLAYERS IN HOUSE LEAGUE / RECREATIONAL PROGRAMS****Hockey Canada Carded Teams**

Only those players eligible by age to participate on a Hockey Canada Carded Team as per Hockey Canada Regulations may play for that team. OVER AGE PLAYERS ARE NOT ELIGIBLE TO PARTICIPATE IN ANY LEAGUE, EXHIBITION, PLAYOFF OR TOURNAMENT GAME.

Recreational Teams

BC Hockey understands and appreciates the responsibility Local Associations have in providing opportunities for all players to enjoy the game. Nevertheless, our potential risk certainly increases under these circumstances and therefore BC Hockey recommends the following measures be taken to ensure that we can be seen as exercising good judgment.

Some considerations that could be taken into account prior to a Local Association approving an over age player to play at the lower level are:

- a) Very small/frail
- b) Health reasons (doctor's certificate may be required)
- c) No skills appropriate for this level of hockey
- d) No team at proper age category
- e) Female player in integrated league

NOTE: At the U18 and U21 levels, the over aged player is limited to a maximum of one (1) year older than the upper age limit of the lower division. This process is to be monitored by the District Leagues.

When a player has been allowed to participate at the younger age level, a note should be attached to their registration form indicating both the placement and the reason.

The procedures used for assigning over age players within an Association must be written and communicated to the players/parents involved.

Associations must apply due diligence in allowing over age players to participate. All approved overage players should be monitored throughout the season for game impact and penalty minutes. An overage player having a major impact to games or accumulating numerous penalties may be removed from the team or reassigned to a team in his/her age appropriate classification.

The participation of over age players must be brought to the attention of the Officials and opposing team management prior to each game and the Coach should indicate "OA" on the game sheet after the name of each over age player.

9.11**(NEW) ACTIVE PLAYER REGISTRATION**

Teams may not register on a Hockey Canada Registry roster, at any one (1) time, more than:

- a) 25 Players in the case of Junior Male Teams.
- b) 25 Players in the case of U21 Male Teams
- c) 20 Players in the case of the Male and Female U18 AAA.
- d) 19 Players in the case of Male Minor Hockey Teams and Female Minor Hockey Teams

9.12**OVERSIZE TEAM**

Minor Hockey Associations may register Recreational Minor Hockey Teams as follows without further application to BC Hockey:

- U11, U13 and U15 divisions: a maximum of 23 players
- U18 division: a maximum of 25 players

NOTE: Recreational Teams that roster in excess of 19 players shall not roster over age participants. Recreational Teams that have a roster in excess of 19 players shall have maximum of 19 players (17 skaters & two (2) goaltenders) on a game sheet per game according to Hockey Canada Rules. Any team wishing to roster more than the above maximum allowed number of players can apply to BC Hockey to increase their roster but must comply with the per game limits noted above.

9.13**MINOR HOCKEY MOVES AFTER JANUARY 10**

A player of minor hockey age who changes residence after January 10 may transfer to a new association for the balance of the season. A player so registering shall be eligible for league, tournament or exhibition play but shall not be eligible to participate in league or District playoffs which lead to BC Hockey Championships.

9.14**EXEMPLARY PLAYER****Preamble**

As a matter of principle, BC Hockey has determined that 14 year old's should not be permitted to play U18 AAA (or, in the case of HCAS programming, U18 Prep) hockey in BC Hockey. It is also recognized that whenever a principle is advanced, there is the potential for there to be exceptional athletes whose development would be impaired significantly if they were not permitted to participate in U18 AAA.

Mission Statement

The purpose is to develop a map that would aid in discovering an exceptional player. A player that is uncommon, superior, distinguished, remarkable, exclusive. Such a player is deserving of reward to participate in U18 AAA and whose development might be significantly impaired if not permitted to participate in U18 AAA hockey. This is a map of values or a map of the way things should be to ensure a deserving journey.

Application

In order to initiate the process to determine whether you are to be considered an exceptional athlete, the player's parent(s) or legal guardian(s) shall submit prior to February 1 preceding the season in question, an application form which shall be obtained from the BC Hockey office. The completed application, along with the fee of \$1,000.00 payable to the BC Hockey, shall be filed to the Chief Executive Officer of BC Hockey.

Evaluation Panel

The BC Hockey Chief Executive Officer shall name annually a three (3) person panel for the purpose of conducting the evaluation. All members that will be participating on the Evaluation Panel shall possess special skills that will assist in the consideration as to whether or not the applicant shall be deemed an Exceptional Player.

Evaluation Process

The following will outline the evaluation process for an Exceptional Player:

- a) Application from the player
- b) Completion of Questionnaires
 - i. Player/Parent(s) or Guardian(s)
 - ii. Current Teacher
 - iii. Coach
 - iv. Hockey Evaluator
- c) Player Evaluation Report
- d) Consideration by the Evaluation Panel

Decision

In order for an applicant to receive the approval of the Evaluation Panel, only an affirmative response from all three (3) members of the Evaluation Panel will result in approval. The unanimity requirement is to ensure that only the truly exceptional athlete is granted this approval. The report of the Panel shall be forwarded to the applicant. The decision of the Evaluation Panel is final and binding upon all parties, and no appeal shall be made to BC Hockey or Hockey Canada.

In the event that the player has received a positive evaluation, BC Hockey shall return the sum of \$500.00 to the player.

In the event that the player has not received a positive evaluation, no monies shall be returned to the Player.

9.15**EXEMPLARY PLAYER****Preamble**

As a matter of principle, BC Hockey has determined that 14 year olds should not be permitted to play U18 AAA (or, in the case of HCAS programming, U18 Prep) hockey in BC Hockey. It is also recognized that whenever a principle is advanced, there is the potential for there to be exceptional athletes whose development would be impaired significantly if they were not permitted to participate in U18 AAA.

9.16**ROSTER BALANCING**

Teams in the U7, U9, and U11 Divisions may draw players from other teams as follows:

U11

- a) Players must be registered in the same division and with the same Association;
- b) The team has 12 or fewer players for a given game;
- c) A player may participate with a team other than their registered team to a maximum of 10 games per season.
- d) No team may dress a number of players for any game greater than the number of players registered to that team.

U7 and U9

- a) Players must be registered in the same division and with the same Association;
- b) Balanced rosters are required for both teams

NOTE: Associations are responsible for ensuring this policy is utilized to ice a team and that teams will be monitored to avoid strengthening with this policy.

District league rules regarding limits on games and / or player eligibility will apply in addition to this policy.

9.17**MINOR HOCKEY AFFILIATION**

Minor Hockey players may be affiliated according to Hockey Canada Regulation F.

A player of a lower Division or Category may affiliate to one (1) team of higher division or category at any given time to a maximum of ten games per season. All affiliate players must be designated by 'AP' on the game sheet.

Players rostered to carded teams may not affiliate to recreational teams.

Exhibition and/or tournament games, which are not part of the regular league or play-off games, are not included in the 10-game affiliation limit.

The appearance of an affiliate player on a game sheet will be considered participation in the game, except in the case of an alternate goaltender. In the case of an alternate goaltender, only actual participation shall be considered as taking part in the game. Participation must be noted on the game sheet

9.18**NON-SANCTIONED HOCKEY - POLICY**

Working with Hockey Canada and our colleagues within the other Branch Members of Hockey Canada, BC Hockey is committed to offering the best hockey development programs in the world. Collectively we invest significant resources into the development of officials, coaches, administrators, and players. We work together to continuously enhance strategies toward a cohesive long-term athlete development model, and we feel that our programs are excellent.

There are organizations that operate outside of our structure in the pursuit of delivering hockey. These organizations sometimes form leagues, hold tournaments, or create forms of development programming. These "non-sanctioned" organizations often do not align with the delivery model, mission, or values of BC Hockey or Hockey Canada.

Non-sanctioned organizations often operate with limited (or no) consideration of the impact of their programs on sanctioned minor, junior, or senior hockey programs, and without regard to the structure in place to ensure safe and effective development of officials, coaches, or administrators. Non-sanctioned programs instead, in most instances, choose to try to utilize resources and trained personnel already developed by Hockey Canada and its members.

When non-sanctioned practises and games take place, they do so outside of our stewardship, structure, and safeguards. BC Hockey has no way of ensuring these programs and leagues implement any of the many safeguards inherent to Hockey Canada sanctioned programs. Just a few of these safeguards include our Playing Rules, our background checks and training for adult supervisors, and participant insurance. We also, of course, have no way to ensure any level of quality of training, participation or play in these programs and leagues.

While Hockey Canada and BC Hockey respects the right of every individual to choose between participating in a BC Hockey sanctioned program or a non-sanctioned program at the beginning of each hockey season, every player or parent should understand the potential ramifications of that choice. These are described in greater detail below, in Sections II, III and IV of this policy.

SECTION I: DEFINITIONS

“Cut-Off Date” means September 30th of the hockey season in question.

“Member Organization” means any MHA, Recreational Hockey Program, Accredited School, Para Hockey Program, Junior/Senior Hockey League, etc. that is approved and registered with BC Hockey.

“Non-Sanctioned League” includes any amateur hockey league or program that operates in Canada outside of Hockey Canada registration and sanctioning.

NOTE: This does not include summer hockey leagues/teams, adult recreational hockey leagues/teams, high school hockey, and/or hockey schools.

“Participate” means to engage, knowingly or otherwise, in any activity, and includes, without limitation, playing, managing, coaching, officiating, or acting as a trainer.

“Participation in a non-sanctioned game” will be considered to have occurred if the individual takes part in any game (including an exhibition, tournament, league, or playoff game) after the Cut-Off Date.

SECTION II: PARTICIPATING IN A NON-SANCTIONED LEAGUE

BC Hockey has implemented the **Hockey Canada Non-Sanctioned League Policy (attached as Appendix A)**, and in addition has strengthened the application of that policy in the following additional ways:

- a) Subject to paragraph b), any individual who participates in a non-sanctioned game after the Cut-Off Date will not be eligible for any BC Hockey sanctioned programs, games, or league play for the remainder of the season in which the non-sanctioned participation occurred.
- b) Notwithstanding the above, anyone who participates in a non-sanctioned game after the Cut-Off Date may seek early reinstatement of their eligibility for sanctioned BC Hockey programs by applying for such reinstatement based on there being special circumstances. BC Hockey shall retain complete discretion in terms of granting, or not, early reinstatement if satisfied that special circumstances exist.

The consequences described in this section of this policy will remain in effect even if the non-sanctioned program, league, or team folds and whether or not the participant is released, suspended or fired from that program league or team.

SECTION III: SUPPORTING A NON-SANCTIONED LEAGUE

BC Hockey has implemented the **Hockey Canada Non-Sanctioned League Policy (attached as Appendix A)**, and in addition has strengthened the application of that policy in the following additional ways:

- i. Any Member organization which supports a non-sanctioned program or league incurs the risk of BC Hockey withholding tournament sanctioning approvals, event hosting, or other benefits from the Member, and

- ii. Any Member organization which supports a non-sanctioned program or league also incurs the risk of BC Hockey withdrawing any upcoming sanctioned tournament or event from any community within the geographic boundaries of that Member association, at any time prior to the tournament or event.

For greater certainty, “support” or “supporting” includes, but is not limited to, assisting a non-sanctioned program or league, directly or indirectly, through advertisement, promotion, ticket sales, volunteer activities, assigning officials, sharing resources, or enabling non-sanctioned teams or participants to participate in Hockey Canada sanctioned activities.

SECTION IV: HIGH PERFORMANCE PROGRAMS AND OFFICIATING

HIGH PERFORMANCE PROGRAMS

Access to BC Hockey Male and Female high-performance programs is a privilege that is offered to, and reserved exclusively for, the member participants of BC Hockey.

BC Hockey will only accept **players** who are registered with a member MHA or Hockey Canada Accredited School and have been so registered for not less than 180 days, into our Male and Female high-performance programs, including our Programs of Excellence (POE) and Provincial or Regional team programs.

Further, BC Hockey has complete discretion, and the right, to make all choices regarding **coaches, managers, officials, and bench staff** within all our POE and development programs. Application for these positions by those participating in and/or supporting non-sanctioned programs may be at a disadvantage in the selection process because of a perception of conflict with BC Hockey’s mission and values.

OFFICIATING

An Official who works in any non-sanctioned program WILL NOT:

- have access to the Hockey Canada insurance program for any injuries that may occur as a result of that participation;
- have access to the BC Hockey Match Penalty on Official process for any infractions that may occur during the non-sanctioned activity;
- be eligible to be selected by BC Hockey or Hockey Canada for any Regional, National or International assignments;
- be eligible to participate as an official in BC Hockey’s Officiating Development Programs, including the BC Hockey POE;
- be eligible to act in the capacity of as an Officials Committee member and/or a Clinic Instructor.

Further, BC Hockey has complete discretion, and the right, to make all choices regarding **officials and/or administrators** that are the best fit within all our programs. Participating in and/or supporting non-sanctioned programs may place participants at a disadvantage in the selection process because of a perception of conflict with BC Hockey’s mission and values. As a result, such participants may not be considered for assignments within sanctioned programs, events, or committees.
