## HOCKEY HISTORY OF TRAIL

The City of Trail is well known for its hockey tradition, which includes: the founding of Minor Hockey Week, as well as home to many hockey players who have moved on to have very successful professional hockey careers. Check out the Home of Champions monument in downtown Trail commemorating locals who have proved themselves champions in their field, including the Trail Smoke Eaters Hockey Club who are remembered for two world championship wins in 1939 and 1961.

## CITY OF TRAIL

The City of Trail is in the Columbia River Valley of southeastern British Columbia situated on the banks of the beautiful and mighty Columbia River, 19 km north of the US border. And is home to the Greater Trail Minor Hockey Association.

The Greater Trail area has a population of just over 18,000 people. We are sure you will find our city to be very friendly and outgoing. Trail is also known for its significant Italian community. Before the end of World War II Italian immigrants were largely responsible for shaping the community's social and cultural structure.

The Greater Trail area is also known as the "Home of Champions," and has successfully hosted a multitude of provincial, national and international sporting events over the years.

Some of these include:

- 2007 World Junior A Hockey Challenge
- 2006 & 1982 BC Winter Games
- 1996 BC Summer Games
- 1995 Senior Babe Ruth Baseball World Series, which was the first time this international event was hosted outside of the USA

The City of Trail was recently awarded the title "BC's #1 Sports Town". This title was earned for not only producing many athletes, coaches and teams in a variety of sports who gained success in National and International competitions, or from the first rate sports facilities that the City has built, but also from successfully hosting large-scale sporting events.
