

IMPORTANT INFORMATION REGARDING CONCUSSION AWARENESS TRAINING TOOLKIT (CATT)

Recently the CATT website has changed the appearance to better assist our members. When taking the CATT course please ensure you are taking the correct course.

If you are a team staff taking the course or a parent acting in a team staff role (Head Coach, Assistant Coach, Athletic Therapist, Trainer, Manager and HCSP person etc.) please ensure you are taking the **COACH CATT course**.

The Coach CATT course is targeted to team staff and has different wording than a parent or caregiver.

Please ensure you input your FIRST NAME, LAST NAME, and select “BC Hockey” from the drop down menu labelled “Organization” and your MHA in before completing your course. If you do not, this can result in your certificate not being added to your profile.
