

BC HOCKEY OPERATIONS CHART

"Lead, Develop and Promote Positive Lifelong Hockey Experiences"

The blue box is a lens through which all information flows to and from the Board. It allows the Board of Directors to focus on the information shared to and from the groups below in the performance of their duties. The lens is a continuum, to the left the groups will have more focus on policy / business and as the lens extends to the right the groups will have more focus on athlete development / programming.
