The 2027 Council meeting schedule is provided for Council's information. The proposed dates have been established to support the effective conduct of the College's governance activities and facilitate advance planning for Council, staff, and key interest holders. In developing the schedule, consideration was given to statutory requirements, organizational priorities, holidays and observances, and operational considerations. Pursuant to the Chair of Council role outlined in O. Regulation 345/96 and Section 3.01 of the College Bylaws, the Chair and Registrar have worked together to confirm these dates. Providing the schedule in advance supports effective participation and the efficient coordination of governance activities throughout 2027.
